## IMPORTANT NOTICE TO VENDORS AND PURCHASERS Before signing this contract you should ensure that you understand your rights and obligations, some of which are not written in this contract but are implied by law.

## WARNING—SMOKE ALARMS

The owners of certain types of buildings and strata lots must have smoke alarms, or in certain cases heat alarms, installed in the building or lot in accordance with regulations under the *Environmental Planning and Assessment Act 1979.* It is an offence not to comply. It is also an offence to remove or interfere with a smoke alarm or heat alarm. Penalties apply.

## WARNING—LOOSE-FILL ASBESTOS INSULATION

Before purchasing land that includes residential premises, within the meaning of the *Home Building Act 1989*, Part 8, Division 1A, built before 1985, a purchaser is strongly advised to consider the possibility that the premises may contain loose-fill asbestos insulation, within the meaning of the *Home Building Act 1989*, Part 8, Division 1A. In particular, a purchaser should—

- (a) search the Register required to be maintained under the *Home Building Act 1989*, Part 8, Division 1A, and
- (b) ask the relevant local council whether it holds records showing that the residential premises contain loose-fill asbestos insulation.

For further information about loose-fill asbestos insulation, including areas in which residential premises have been identified as containing loose-fill asbestos insulation, contact NSW Fair Trading.

# Cooling off period (purchaser's rights)

- 1 This is the statement required by the *Conveyancing Act 1919*, section 66X. This statement applies to a contract for the sale of residential property.
- 2 EXCEPT in the circumstances listed in paragraph 3, the purchaser may rescind the contract before 5pm on—
  - (a) for an off the plan contract—the tenth business day after the day on which the contract was made, or
  - (b) in any other case—the fifth business day after the day on which the contract was made.
- 3 There is NO COOLING OFF PERIOD—
  - (a) if, at or before the time the contract is made, the purchaser gives to the vendor, or the vendor's solicitor or agent, a certificate that complies with the Act, section 66W, or
  - (b) if the property is sold by public auction, or
  - (c) if the contract is made on the same day as the property was offered for sale by public auction but passed in, or
  - (d) if the contract is made in consequence of the exercise of an option to purchase the property, other than an option that is void under the Act, section 66ZG.
- 4 A purchaser exercising the right to cool off by rescinding the contract forfeits 0.25% of the purchase price of the property to the vendor.
- 5 The vendor is entitled to recover the forfeited amount from an amount paid by the purchaser as a deposit under the contract. The purchaser is entitled to a refund of any balance.

# DISPUTES

If you get into a dispute with the other party, the Law Society and Real Estate Institute encourage you to use informal procedures such as negotiation, independent expert appraisal, the Law Society Conveyancing Dispute Resolution Scheme or mediation (for example mediation under the Law Society Mediation Program).

# AUCTIONS

Regulations made under the Property and Stock Agents Act 2002 prescribe a number of conditions applying to sales by auction.

## WARNINGS

- 1. Various Acts of Parliament and other matters can affect the rights of the parties to this contract. Some important matters are actions, claims, decisions, licences, notices, orders, proposals or rights of way involving: **APA Group NSW** Department of Education Australian Taxation Office NSW Fair Trading Owner of adjoining land Council **County Council** Privacv Department of Planning and Environment Public Works Advisory **Department of Primary Industries** Subsidence Advisory NSW **Electricity and gas Telecommunications** Land and Housing Corporation Transport for NSW Local Land Services Water, sewerage or drainage authority If you think that any of these matters affects the property, tell your solicitor.
- 2. A lease may be affected by the Agricultural Tenancies Act 1990, the Residential Tenancies Act 2010 or the Retail Leases Act 1994.
- 3. If any purchase money is owing to the Crown, it will become payable before obtaining consent, or if no consent is needed, when the transfer is registered.
- 4. If a consent to transfer is required under legislation, see clause 27 as to the obligations of the parties.
- 5. The vendor should continue the vendor's insurance until completion. If the vendor wants to give the purchaser possession before completion, the vendor should first ask the insurer to confirm this will not affect the insurance.
- 6. Most purchasers will have to pay transfer duty (and, sometimes, if the purchaser is not an Australian citizen, surcharge purchaser duty) on this contract. Some purchasers may be eligible to choose to pay first home buyer choice property tax instead of transfer duty. If a payment is not made on time, interest and penalties may be incurred.
- 7. If the purchaser agrees to the release of deposit, the purchaser's right to recover the deposit may stand behind the rights of others (for example the vendor's mortgagee).
- 8. The purchaser should arrange insurance as appropriate.
- 9. Some transactions involving personal property may be affected by the Personal Property Securities Act 2009.
- 10. A purchaser should be satisfied that finance will be available at the time of completing the purchase.
- 11. Where the market value of the property is at or above a legislated amount, the purchaser may have to comply with a foreign resident capital gains withholding payment obligation (even if the vendor is not a foreign resident). If so, this will affect the amount available to the vendor on completion.
- 12. Purchasers of some residential properties may have to withhold part of the purchase price to be credited towards the GST liability of the vendor. If so, this will also affect the amount available to the vendor. More information is available from the ATO.

The vendor sells and the purchaser buys the *property* for the price under these provisions instead of Schedule 3 Conveyancing Act 1919, subject to any *legislation* that cannot be excluded.

- 2.4 The purchaser can pay any of the deposit by
  - 2.4.1 giving cash (up to \$2,000) to the *depositholder*;
    - 2.4.2 unconditionally giving a *cheque* to the *depositholder* or to the vendor, vendor's agent or vendor's *solicitor* for sending to the *depositholder*; or

  - 3.5.2 the deposit is paid in full under clause 2.
- 3.6 Clauses 3.3 and 3.4 can operate more than once.

### 4 Electronic transaction

4.4

- 4.1 This Conveyancing Transaction is to be conducted as an electronic transaction unless -
  - 4.1.1 the contract says this transaction is a *manual transaction*, giving the reason, or
  - 4.1.2 a *party serves* a notice stating why the transaction is a *manual transaction*, in which case the *parties* do not have to complete earlier than 14 days after *service* of the notice, and clause 21.3 does not apply to this provision,

and in both cases clause 30 applies.

- 4.2 If, because of clause 4.1.2, this Conveyancing Transaction is to be conducted as a manual transaction -
  - 4.2.1 each party must
    - bear equally any disbursements or fees; and
    - otherwise bear that party's own costs;

incurred because this *Conveyancing Transaction* was to be conducted as an *electronic transaction*; and

- 4.2.2 if a *party* has paid all of a disbursement or fee which, by reason of this clause, is to be borne equally by the *parties*, that amount must be adjusted under clause 14.
- 4.3 The parties must conduct the electronic transaction
  - 4.3.1 in accordance with the *participation rules* and the *ECNL*; and
  - 4.3.2 using the nominated *ELN*, unless the *parties* otherwise agree. This clause 4.3.2 does not prevent a *party* using an *ELN* which can interoperate with the nominated *ELN*.
  - A party must pay the fees and charges payable by that party to the ELNO and the Land Registry.
- 4.5 *Normally,* the vendor must *within* 7 days of the contract date create and *populate* an *Electronic Workspace* with *title data* and the date for completion, and invite the purchaser to the *Electronic Workspace*.
- 4.6 If the vendor has not created an *Electronic Workspace* in accordance with clause 4.5, the purchaser may create and *populate* an *Electronic Workspace* and, if it does so, the purchaser must invite the vendor to the *Electronic Workspace*.
- 4.7 The *parties* must, as applicable to their role in the *Conveyancing Transaction* and the steps taken under clauses 4.5 or 4.6
  - 4.7.1 promptly join the *Electronic Workspace* after receipt of an invitation;
  - 4.7.2 create and populate an electronic transfer,
  - 4.7.3 invite any discharging mortgagee or incoming mortgagee to join the Electronic Workspace; and
  - 4.7.4 populate the Electronic Workspace with a nominated completion time.
- 4.8 If the transferee in the *electronic transfer* is not the purchaser, the purchaser must give the vendor a direction signed by the purchaser personally for that transfer.
- 4.9 The vendor can require the purchaser to include a covenant or easement in the *electronic transfer* only if this contract contains the wording of the proposed covenant or easement, and a description of the land burdened and benefited.
- 4.10 If the purchaser must make a *GSTRW payment* or an *FRCGW remittance*, the purchaser must *populate* the *Electronic Workspace* with the payment details for the *GSTRW payment* or *FRCGW remittance* payable to the Deputy Commissioner of Taxation at least 2 *business days* before the date for completion.
- 4.11 Before completion, the parties must ensure that -
  - 4.11.1 all *electronic documents* which a *party* must *Digitally Sign* to complete the *electronic transaction* are *populated* and *Digitally Signed*;
  - 4.11.2 all certifications required by the ECNL are properly given; and
  - 4.11.3 they do everything else in the *Electronic Workspace* which that *party* must do to enable the *electronic transaction* to proceed to completion.
- 4.12 If the computer systems of any of the *Land Registry*, the *ELNO*, Revenue NSW or the Reserve Bank of Australia are inoperative for any reason at the *completion time* agreed by the *parties*, a failure to complete this contract for that reason is not a default under this contract on the part of either *party*.

- 4.13 If the computer systems of the *Land Registry* are inoperative for any reason at the *completion time* agreed by the *parties*, and the *parties* choose that financial settlement is to occur despite this, then on financial settlement occurring
  - 4.13.1 all *electronic documents Digitally Signed* by the vendor and any discharge of mortgage, withdrawal of caveat or other *electronic document* forming part of the *Lodgment Case* for the *electronic transaction* are taken to have been unconditionally and irrevocably delivered to the purchaser or the purchaser's mortgagee at the time of financial settlement together with the right to deal with the land; and
  - 4.13.2 the vendor is taken to have no legal or equitable interest in the property.
- 4.14 If the *parties* do not agree about the delivery before completion of one or more documents or things that cannot be delivered through the *Electronic Workspace*, the *party* required to deliver the documents or things 4.14.1 holds them on completion in escrow for the benefit of; and
  - 4.14.2 must immediately after completion deliver the documents or things to, or as directed by; the *party* entitled to them.

### 5 Requisitions

- 5.1 If a form of *requisitions* is attached to this contract, the purchaser is taken to have made those *requisitions*.
- 5.2 If the purchaser is or becomes entitled to make any other *requisition*, the purchaser can make it only by *serving* it
  - 5.2.1 if it arises out of this contract or it is a general question about the *property* or title *within* 21 days after the contract date;
  - 5.2.2 if it arises out of anything *served* by the vendor *within* 21 days after the later of the contract date and that *service*; and
  - 5.2.3 in any other case *within* a reasonable time.

### 6 Error or misdescription

- 6.1 *Normally*, the purchaser can (but only before completion) claim compensation for an error or misdescription in this contract (as to the *property*, the title or anything else and whether substantial or not).
- 6.2 This clause applies even if the purchaser did not take notice of or rely on anything in this contract containing or giving rise to the error or misdescription.
- 6.3 However, this clause does not apply to the extent the purchaser knows the true position.

#### 7 Claims by purchaser

*Normally*, the purchaser can make a claim (including a claim under clause 6) before completion only by *serving* it with a statement of the amount claimed, and if the purchaser makes one or more claims before completion –

- 7.1 the vendor can rescind if in the case of claims that are not claims for delay -
  - 7.1.1 the total amount claimed exceeds 5% of the price;
    - 7.1.2 the vendor serves notice of intention to rescind; and
- 7.1.3 the purchaser does not *serve* notice waiving the claims *within* 14 days after that *service*; and
- 7.2 if the vendor does not rescind, the parties must complete and if this contract is completed
  - 7.2.1 the lesser of the total amount claimed and 10% of the price must be paid out of the price to and held by the *depositholder* until the claims are finalised or lapse;
    - 7.2.2 the amount held is to be invested in accordance with clause 2.9;
    - 7.2.3 the claims must be finalised by an arbitrator appointed by the *parties* or, if an appointment is not made *within* 1 month of completion, by an arbitrator appointed by the President of the Law Society at the request of a *party* (in the latter case the *parties* are bound by the terms of the Conveyancing Arbitration Rules approved by the Law Society as at the date of the appointment);
    - 7.2.4 the purchaser is not entitled, in respect of the claims, to more than the total amount claimed and the costs of the purchaser;
    - 7.2.5 net interest on the amount held must be paid to the *parties* in the same proportion as the amount held is paid; and
    - 7.2.6 if the *parties* do not appoint an arbitrator and neither *party* requests the President to appoint an arbitrator *within* 3 months after completion, the claims lapse and the amount belongs to the vendor.

### 8 Vendor's rights and obligations

#### 8.1 The vendor can rescind if -

- 8.1.1 the vendor is, on reasonable grounds, unable or unwilling to comply with a *requisition*;
- 8.1.2 the vendor *serves* a notice of intention to *rescind* that specifies the *requisition* and those grounds; and
- 8.1.3 the purchaser does not serve a notice waiving the *requisition within* 14 days after that service.

- 8.2 If the vendor does not comply with this contract (or a notice under or relating to it) in an essential respect, the purchaser can *terminate* by *serving* a notice. After the *termination*

- 9.2 hold any other money paid by the purchaser under this contract as security for anything recoverable under this clause

  - 10.1.9 anything the substance of which is disclosed in this contract (except a caveat, charge, mortgage, priority notice or writ).
- 10.2 The purchaser cannot *rescind* or *terminate* only because of a defect in title to or quality of the inclusions.
- 10.3 *Normally*, the purchaser cannot make a claim or *requisition* or *rescind* or *terminate* or require the vendor to change the nature of the title disclosed in this contract (for example, to remove a caution evidencing qualified title, or to lodge a plan of survey as regards limited title).

### 11 Compliance with work orders

- 11.1 *Normally*, the vendor must by completion comply with a *work order* made on or before the contract date and if this contract is completed the purchaser must comply with any other *work order*.
- 11.2 If the purchaser complies with a *work order*, and this contract is *rescinded* or *terminated*, the vendor must pay the expense of compliance to the purchaser.

### 12 Certificates and inspections

- The vendor must do everything reasonable to enable the purchaser, subject to the rights of any tenant -
- 12.1 to have the *property* inspected to obtain any certificate or report reasonably required;
- 12.2 to apply (if necessary in the name of the vendor) for -

- 12.3 to make 1 inspection of the *property* in the 3 days before a time appointed for completion.

### 13 Goods and services tax (GST)

- 13.1 Terms used in this clause which are not defined elsewhere in this contract and have a defined meaning in the *GST Act* have the same meaning in this clause.
- 13.2 *Normally*, if a *party* must pay the price or any other amount to the other *party* under this contract, GST is not to be added to the price or amount.
- 13.3 If under this contract a *party* must make an adjustment or payment for an expense of another party or pay an expense payable by or to a third party (for example, under clauses 14 or 20.7)
  - 13.3.1 the *party* must adjust or pay on completion any GST added to or included in the expense; but
  - 13.3.2 the amount of the expense must be reduced to the extent the party receiving the adjustment or payment (or the representative member of a GST group of which that party is a member) is entitled to an input tax credit for the expense; and
  - 13.3.3 if the adjustment or payment under this contract is consideration for a taxable supply, an amount for GST must be added at the *GST rate*.
- 13.4 If this contract says this sale is the supply of a going concern
  - 13.4.1 the *parties* agree the supply of the *property* is a supply of a going concern;
  - 13.4.2 the vendor must, between the contract date and completion, carry on the enterprise conducted on the land in a proper and business-like way;
  - 13.4.3 if the purchaser is not registered by the date for completion, the *parties* must complete and the purchaser must pay on completion, in addition to the price, an amount being the price multiplied by the *GST rate* ("the retention sum"). The retention sum is to be held by the *depositholder* and dealt with as follows
    - if *within* 3 months of completion the purchaser *serves* a letter from the Australian Taxation Office stating the purchaser is registered with a date of effect of registration on or before completion, the *depositholder* is to pay the retention sum to the purchaser; but
    - if the purchaser does not *serve* that letter *within* 3 months of completion, the *depositholder* is to pay the retention sum to the vendor; and
  - 13.4.4 if the vendor, despite clause 13.4.1, *serves* a letter from the Australian Taxation Office stating the vendor has to pay GST on the supply, the purchaser must pay to the vendor on demand the amount of GST assessed.
- 13.5 *Normally*, the vendor promises the margin scheme will not apply to the supply of the *property*.
- 13.6 If this contract says the margin scheme is to apply in making the taxable supply, the *parties* agree that the margin scheme is to apply to the sale of the *property*.
- 13.7 If this contract says the sale is not a taxable supply -
  - 13.7.1 the purchaser promises that the *property* will not be used and represents that the purchaser does not intend the *property* (or any part of the *property*) to be used in a way that could make the sale a taxable supply to any extent; and
  - 13.7.2 the purchaser must pay the vendor on completion in addition to the price an amount calculated by multiplying the price by the *GST rate* if this sale is a taxable supply to any extent because of
    - a breach of clause 13.7.1; or
    - something else known to the purchaser but not the vendor.
- 13.8 If this contract says this sale is a taxable supply in full and does not say the margin scheme applies to the *property*, the vendor must pay the purchaser on completion an amount of one-eleventh of the price if 13.8.1 this sale is not a taxable supply in full; or
  - 13.8.2 the margin scheme applies to the *property* (or any part of the *property*).
- 13.9 If this contract says this sale is a taxable supply to an extent -
  - 13.9.1 clause 13.7.1 does not apply to any part of the *property* which is identified as being a taxable supply; and
  - 13.9.2 the payments mentioned in clauses 13.7 and 13.8 are to be recalculated by multiplying the relevant payment by the proportion of the price which represents the value of that part of the *property* to which the clause applies (the proportion to be expressed as a number between 0 and 1). Any evidence of value must be obtained at the expense of the vendor.
- 13.10 *Normally*, on completion the vendor must give the recipient of the supply a tax invoice for any taxable supply by the vendor by or under this contract.
- 13.11 The vendor does not have to give the purchaser a tax invoice if the margin scheme applies to a taxable supply.
- 13.12 If the vendor is liable for GST on rents or profits due to issuing an invoice or receiving consideration before completion, any adjustment of those amounts must exclude an amount equal to the vendor's GST liability.
- 13.13 If the vendor *serves* details of a *GSTRW payment* which the purchaser must make, the purchaser does not have to complete earlier than 5 *business days* after that *service* and clause 21.3 does not apply to this provision.
- 13.14 If the purchaser must make a *GSTRW payment* the purchaser must, at least 2 *business days* before the date for completion, *serve* evidence of submission of a *GSTRW payment* notification form to the Australian Taxation Office by the purchaser or, if a direction under either clause 4.8 or clause 30.4 has been given, by the transferee named in the transfer the subject of that direction.

- 14.7 If on completion the last bill for a water, sewerage or drainage usage charge is for a period ending before the adjustment date, the vendor is liable for an amount calculated by dividing the bill by the number of days in the period then multiplying by the number of unbilled days up to and including the adjustment date.
- The vendor is liable for any amount recoverable for work started on or before the contract date on the property 14.8 or any adjoining footpath or road.

Murray River Council Contaminated Land Management Policy note

Council has adopted by resolution a policy on contaminated land which may restrict the development of the land. This policy is implemented when zoning or land use changes are proposed on lands which have previously been used for certain purposes. Council records do not have sufficient information about previous use of this land to determine whether the land is contaminated. Consideration of Council's adopted policy and the application or provisions under relevant state legislation is warranted.

#### **GENERAL COMMENTS**

- See Appendix A for the objectives of the zones affecting the subject land.
- Environmental Planning Instruments and the *Murray Development Control Plan* 2012: *Amendment* 5 impose various restrictions on the use of the land which are not attributable to the zoning or reservation of the land.
- The Murray Development Control Plan 2012: Amendment 5 complements the provisions of the Murray Local Environmental Plan 2011 and contains the detailed planning provisions relating to development standards and guidelines which will be considered by Council when assessing a development application.
- The above information has been taken from the Council's records but Council cannot accept responsibility for any omission or inaccuracy.
- The provisions of any covenant, agreement or instrument applying to this land purporting to restrict or prohibit certain development may be inconsistent with the provisions of a *Regional Plan, State Environmental Planning Policy,* the *Murray Local Environmental Plan* 2011 or the *Murray Development Control Plan* 2012: Amendment 5. In these circumstances any such covenant, agreement or instrument may be overwritten under Section 1.9A of the *Murray Local Environmental Plan* 2011.

Any request for further information in connection with the above information should be marked to the attention of Council's Development Services Team or call 1300 087 004.

(b) to ensure that lot sizes are of a sufficient size and shape to accommodate development,

(c) to prevent the fragmentation of rural lands.

(2) This clause applies to a subdivision of any land shown on the Lot Size Map that requires development consent and that is carried out after the commencement of this Plan.

(3) The size of any lot resulting from a subdivision of land to which this clause applies is not to be less than the minimum size shown on the Lot Size Map in relation to that land.

(4) This clause does not apply in relation to the subdivision of any land-

(a) by the registration of a strata plan or strata plan of subdivision under the <u>Strata Schemes</u> <u>Development Act 2015</u>, or

(b) by any kind of subdivision under the Community Land Development Act 2021.

### 4.1AA Minimum subdivision lot size for community title schemes

(1) The objectives of this clause are as follows-

(a) to ensure that land to which this clause applies is not fragmented by subdivisions that would create additional dwelling entitlements.

(2) This clause applies to a subdivision (being a subdivision that requires development consent) under the *Community Land Development Act 2021* of land in any of the following zones—

(a) Zone RU1 Primary Production,

(b) Zone R2 Low Density Residential,

(c) Zone R5 Large Lot Residential,

(d) Zone C3 Environmental Management,

but does not apply to a subdivision by the registration of a strata plan.

(3) The size of any lot resulting from a subdivision of land to which this clause applies (other than any lot comprising association property within the meaning of the <u>Community Land Development</u> <u>Act 2021</u>) is not to be less than the minimum size shown on the <u>Lot Size Map</u> in relation to that land.

(4) This clause applies despite clause 4.1.

# 4.1A Minimum subdivision lot size for strata plan schemes in certain rural, residential and conservation zones

(1) The objective of this clause is to ensure that land to which this clause applies is not fragmented by subdivisions that would create additional dwelling entitlements.

(2) This clause applies to land in the following zones that is used, or proposed to be used, for residential accommodation or tourist and visitor accommodation—

(a) Zone RU1 Primary Production,

(b) Zone R2 Low Density Residential,

(c) Zone R5 Large Lot Residential,

(d) Zone C3 Environmental Management.

(3) The size of any lot resulting from a subdivision of land to which this clause applies for a strata plan scheme (other than any lot comprising common property within the meaning of the *Strata Schemes (Freehold Development) Act 1973* or *Strata Schemes (Leasehold Development) Act 1986*) is not to be less than the minimum size shown on the Lot Size Map in relation to that land.

### 4.1B Minimum subdivision lot sizes for certain split zones

(1) The objectives of this clause are as follows-

(a) to provide for the subdivision of lots that are within more than one zone and cannot be subdivided under clause 4.1,

(b) to ensure that the subdivision occurs in a manner that promotes suitable land use and development.

- (2) This clause applies to each lot (an original lot) that contains-
- (a) land in a residential, employment or special uses zone, and
- (b) land in RU1 Primary Production or Zone C3 Environmental Management.

(3) Despite clause 4.1, development consent may be granted to subdivide an original lot to create other lots (the *resulting lots*) if—

(a) one of the resulting lots will contain-

(i) land in a residential, employment or special uses zone that has an area that is not less than the minimum size shown on the Lot Size Map in relation to that land, and

(ii) all of the land in RU1 Primary Production or Zone C3 Environmental Management that was in the original lot, and

(b) all other resulting lots will contain land that has an area that is not less than the minimum size shown on the Lot Size Map in relation to that land.

(4) For the purposes of this clause, land is in a residential, employment or special uses zone if it is in any of the following zones—

(1) The objective of this clause is to provide flexibility in the application of standards for subdivision in rural zones to allow land owners a greater chance to achieve the objectives for development in the relevant zone.

(2) This clause applies to the following rural zones-

- (a) Zone RU1 Primary Production,
- (b) Zone RU2 Rural Landscape,

(baa) Zone RU3 Forestry,

- (c) Zone RU4 Primary Production Small Lots,
- (d) Zone RU6 Transition.

### Note-

When this Plan was made, it did not include Zone RU2 Rural Landscape, Zone RU4 Primary Production Small Lots or Zone RU6 Transition.

(3) Land in a zone to which this clause applies may, with development consent, be subdivided for the purpose of primary production to create a lot of a size that is less than the minimum size shown on the Lot Size Map in relation to that land.

(4) However, such a lot cannot be created if an existing dwelling would, as the result of the subdivision, be situated on the lot.

(5) A dwelling cannot be erected on such a lot.

### Note-

A dwelling includes a rural worker's dwelling (see definition of that term in the Dictionary).

### 4.2A Erection of dwelling houses on land in certain rural and conservation zones

(2) This clause applies to land in the following zones-

(a) Zone RU1 Primary Production,

(b) Zone C3 Environmental Management.

(3) Development consent must not be granted for the erection of a dwelling house on land in a zone to which this clause applies, and on which there is no existing dwelling house, unless the land is—

(a) a lot that is at least the minimum lot size specified for that land by the Lot Size Map, or

(b) a lot created under an environmental planning instrument before this Plan commenced and on which the erection of a dwelling house was permissible immediately before that commencement, or (c) a lot resulting from a subdivision for which development consent (or equivalent) was granted before this Plan commenced and on which the erection of a dwelling house would have been permissible if the plan of subdivision had been registered before that commencement, or (d) an existing holding.

### Note—

A dwelling cannot be erected on a lot created under clause 9 of *State Environmental Planning Policy (Rural Lands) 2008* or clause 4.2. Land in Zone RU1 Primary Production cannot be subdivided to create a lot that is less than the minimum lot size for the purpose of residential accommodation (see clause 4.2C).

(4) Land ceases to be an existing holding for the purposes of subclause (3) (d) if an application for development consent referred to in that subclause is not made in relation to that land within 12 months after the commencement of this Plan.

(5) Despite subclause (3), development consent may be granted for the erection of a dwelling house on land to which this clause applies if—

(a) there is a lawfully erected dwelling house on the land and the dwelling house to be erected is intended only to replace the existing dwelling house, or

(b) the land would have been a lot or a holding referred to in subclause (3) had it not been affected by—

(i) a minor realignment of its boundaries that did not create an additional lot, or

(ii) a subdivision creating or widening a public road or public reserve or for another public purpose.

(6) In this clause-

existing holding means land that-

(a) was a holding on 5 January 1990, and

(b) is a holding at the time the application for development consent referred to in subclause (3) is lodged,

whether or not there has been a change in the ownership of the holding since 5 January 1990, and includes any other land adjoining that land acquired by the owner since 5 January 1990.

*holding* means all adjoining land, even if separated by a road or railway, held by the same person or persons.

### Note—

The owner in whose ownership all the land is at the time the application is lodged need not be the same person as the owner in whose ownership all the land was on 5 January 1990.

### 4.2B Rural workers' dwellings

(1) The objective of this clause is to ensure the provision of adequate accommodation for permanent or temporary employees of existing agricultural or rural industries.

(2) This clause applies to land in Zone RU1 Primary Production.

(3) Development consent must not be granted to development for the purposes of a rural worker's dwelling on land to which this clause applies, unless—

(a) the dwelling is or is proposed to be located on the same lot as an existing lawfully erected dwelling house, and

(b) the consent authority is satisfied that-

(i) the development will not impair the use of the land for agricultural or rural industries, and

(ii) the agricultural or rural industry being carried out on the land has a demonstrated capacity to support the ongoing employment of rural workers, and

(iii) the development is necessary considering the nature of the agricultural or rural industry land use lawfully occurring on the land or as a result of the remote or isolated location of the land.

### 4.2C Exceptions to minimum lot sizes for certain rural subdivisions

(1) The objective of this clause is to enable the subdivision of land in rural areas to create lots of an appropriate size to meet the needs of current permissible uses other than residential accommodation.

(2) This clause applies to land in Zone RU1 Primary Production.

(3) Land to which this clause applies may, with development consent, be subdivided to create a lot of a size that is less than the minimum size shown on the Lot Size Map in relation to that land, if the consent authority is satisfied that the use of the land after the subdivision will be the same use (other than residential accommodation) permitted under the existing development consent for the land.

(4) Development consent must not be granted for the subdivision of land to which this clause applies unless the consent authority is satisfied that—

(a) the subdivision will not adversely affect the use of the surrounding land for agriculture, and

(b) the subdivision is necessary for the ongoing operation of the permissible use, and

(c) the subdivision will not increase rural land use conflict in the locality, and

(d) the subdivision is appropriate having regard to the natural and physical constraints affecting the land.

### 4.2D Boundary adjustments in Zones RU1 and C3

(1) The objective of this clause is to facilitate boundary adjustments between lots where one or more of the lots created do not meet the minimum lot size shown on the Lot Size Map in relation to the land but the objectives of the relevant zone can be achieved.

(2) This clause applies to land in the following zones-

(a) Zone RU1 Primary Production,

(b) Zone C3 Environmental Management.

(3) Despite clause 4.1, development consent may be granted to subdivide land to which this clause applies by way of a boundary adjustment between adjoining lots where one or more of the lots created by the subdivision do not meet the minimum lot size shown on the Lot Size Map in relation to that land, if the consent authority is satisfied that—

(a) the subdivision will not create additional lots, and

(b) the number of dwelling houses or opportunities for dwelling houses on each lot after the subdivision will remain the same as before the subdivision, and

(c) the potential for land use conflict will not be increased as a result of the subdivision, and

(d) if the land is in Zone RU1 Primary Production—the subdivision will not have a significant adverse effect on the agricultural viability of the land, and

(e) if the land is in Zone C3 Environmental Management—the subdivision will result in the continued protection and long-term maintenance of the land, and

(f) the subdivision will not result in any increased bush fire risk to existing buildings.

(4) In determining a development application for the subdivision of land under this clause, the consent authority must consider the following—

(a) the existing uses and approved uses of other land in the vicinity of the subdivision,

(b) whether the subdivision is likely to have a significant impact on land uses that are likely to be preferred and the predominant land uses in the vicinity of the development,

(c) whether the subdivision is likely to be incompatible with a land use on any adjoining land,

(d) whether the subdivision is appropriate having regard to the natural and physical constraints affecting the land,

(e) whether the subdivision is likely to have a significant adverse impact on the environmental values of the land.

(5) This clause does not apply—

(a) in relation to the subdivision of lots in a strata plan or community title scheme, or

(b) if the subdivision would create a lot that could itself be subdivided in accordance with clause 4.1.
